WHAT'S IN IT FOR YOU
COMMUNITY ARTS INC.

Welcome to the Tropical Artists Guild Incorporation.

It is our pleasure to bring to you a very alive and exciting Community Arts Centre, the like of which rivals any in Australia. Our main objectives are to foster the arts in all their varied forms and to give the people of Cairns and Far North Queensland the vital, central, cultural pivot point of our burgeoning community. Please contact us, for You!

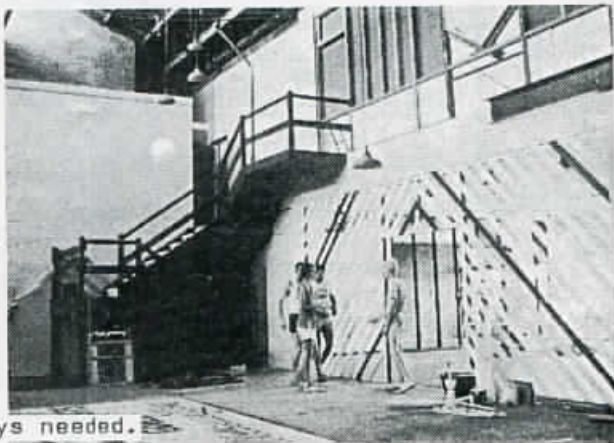

Studios

Artists & Performers and all you crafty people. The centre has studio space available for you to work in at very reasonable rates. Work in the company of the best arts practitioners in the north. Share your talents, jobs, loves and laughs and celebrate your creativity.

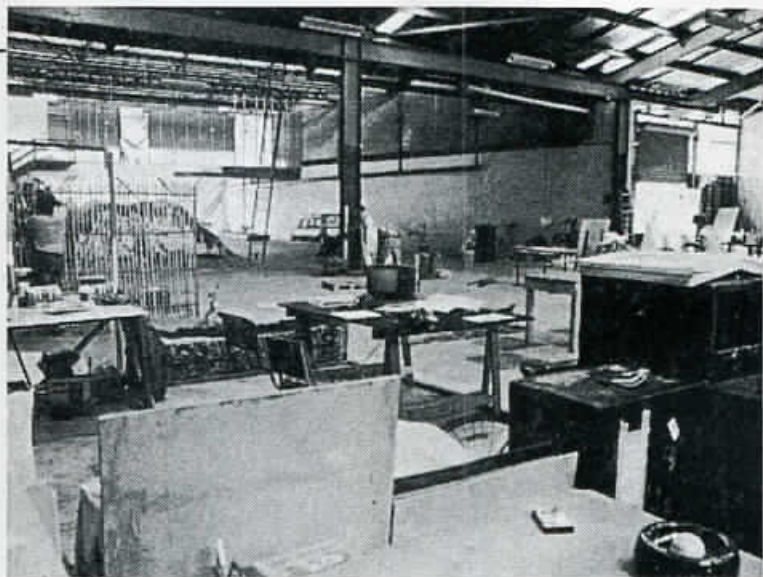

Performance

Since our inception a couple months ago we have developed a high standard troupe of thespians whose talents have graced many shows. The T.A.G. theatre company and Kabaret Kafe are already well established and new acts and ideas will enhance all our objectives. Please contact us.

P.S. Backstage crew are always needed.

We are developing a program for children to provide them with an avenue whereby they have access to the arts through T.A.G. Included will be screenprinting, painting, theatre and mime.
